

The artful and alluring decorative **Balance Light** is designed as a modular and mobile unit that can be adapted to for commercial and residential spaces. This **2-Light Mobile** fixture features 2- Small slip-cast porcelain pendant shades suspended from a handcrafted reclaimed hardwood bow. Standard features include black fabric power cord with aircraft cable reinforcement and satin black steel hardware. The exterior of each shade is matte (unglazed), and the interior has a clear gloss finish.

HARDWARE ASSEMBLY

ABOUT THE PRODUCER

Established 2011, **Stak Ceramics** is recognized for thoughtfully designed home goods. A creative collaboration between partners Myles Geyman and Heather Connolly, Stak offers expert knowledge of ceramic design and fabrication. Monmade showcases Stak's creative expansion into commercial lighting and décor products, including their signature **Balance Light** series.

SUSTAINABILITY & CERTIFICATIONS

UL Listed (Medium Socket Option Only)

Compliance with LEED V4 credits:

Interior Environmental Quality, Interior Lighting

Regional Priority Materials & Resources

Meets sustainably **Monmade** Dimensions

- 50% woman-owned creative business
- Ceramic components are manufactured headquarters in a repurposed industrial facility located in a low- or moderate-income area; energy use reduction is a priority in the facility
- Waste materials from the manufacturing process are recycled into new product; water is reused within the manufacturing process
- Glazing materials sprayed on as coloring agents are either natural, low-to-no-zero VOC
- Hardware bow component utilizes reclaimed wood
- Balance Light is made in collaboration with supporting lighting manufacturer located within a 35-mile radius of producer's primary facility; this EPA compliant manufacturer provides hardware assembly, engineering, and certification of this product
