

Blackened Keystone Trestles
Table Top Shown: 72"L x 36"W x 1.75"T

Blackened Keystone Trestle Table

The Bones and All Keystone Trestle Table offers flexible design with its configurable Maple Table Top. The trestle legs are made to pair with the table top. The 1.75" thick table top is ordered to desired length in 6" increments up to 72" - 108" long by 36" - 42" wide. The solid maple wood construction is blackened on the trestle leg and left natural for the table top; both are finished with GREENGUARD Certified Conversion Varnish. Specify table top length and width upon order.
