

Flare Pendant in Standard Black & Red Glazed Design

# Flare Pendant

Jowdy Studio treats porcelain as a canvas for color and design, allowing for variation of glaze design from piece to piece. Flare Pendant features hand painted geometric blocking in black and red glazes over a handcrafted natural (raw and matte) porcelain form. The pendant’s interior is finished with a translucent clear glaze allowing for reflection of light. Features black powder coated steel hardware. Total light length specified upon order.
