MONMADE Fungi Fields Wallcovering, Standard Repeat

Fungi Fields Wallcovering, **Standard Repeat, Lilac**

Mary Mack Prints Fungi Fields Wallcovering Collection blends the organic richness of woodland flora with Mary Tremonte's signature layered, hand-drawn aesthetic. Featuring a single repeating pattern, Fungi Fields's collection is available in **three expressive colorways—Sky Blue, Elderflower, and Lilac—**and two scaled repeats, **Standard (shown here)** and Large.

Adaptable for residential or commercial use, this wallcovering offers a vibrant yet grounded look—its detailed compositions of fungi and foliage adding warmth, movement, and a sense of connection to the natural world. The standard offering is printed on a **low-VOC, PVC-free, Type II commercial-grade substrate** with a matte, leathered texture. All wallcoverings are digitally printed on demand to minimize waste and environmental impact. Custom substrates are available by request.

ABOUT THE PRODUCER

Mary Tremonte is a Pittsburgh-based artist and printmaker whose work explores vibrant color, layered pattern, and the joyful intersection of visual art and everyday life. Rooted in a socially engaged practice, her **Mary Mack Prints** studio work often extends into collaborative projects that connect people through shared making and visual storytelling. Through **Green Leap**, Mary has transformed her hand-drawn and screen-printed wallcoverings—originally created as site-specific, handcrafted installations—into commercially produced, digitally printed repeats designed for residential and commercial spaces.

SUSTAINABILITY INFORMATION

Meets sustainably**Monmade** Dimensions

- **Small, woman-owned studio based in Pittsburgh, PA,** drawing inspiration from the region's industrial history and natural landscapes.
- **Nature-inspired design for well-being –** Influenced by plant forms and quilt motifs, these patterns bring warmth and storytelling to interiors. Integrating natural patterns into built environments has been shown to **reduce stress, enhance mood, and foster a deeper connection to nature.**
- **Responsible material choices –** Wallcoverings are printed through an on-demand digital process that minimizes waste, water use, and emissions. Available substrates include **low-VOC and PVC-free options.**
- **Durable, sustainable prints –** Designed for both residential and commercial interiors, ensuring longevity while offering an artful, eco-conscious solution.
